Workshop:

ASSESSMENT AND TREATMENT OF SUICIDALITY

By the end of the workshop participants will:

- Be familiar with psychological theories of suicide and suicidal behaviour (i.e. Prof Thomas Joiner, Prof Edwin Schneidman, Prof Israel Orbach and Prof David Jobes)
- Have an introduction to and practiced the CAMS
- Be able to identify suicidal risk early in the clinical engagement and use the Suicide Status Form (SSF) to collaboratively assess suicidal risk
- Develop SSF-based suicide specific outpatient treatment plans that emphasize the development of a stabilization plan and the identification of suicidal ‘drivers’ as a focus of treatment
- Clinically track, assess and treat drivers with problem-focused interventions
- Be able to prepare a stabilisation or crisis response plan
- Handle and document a range of clinical outcomes using CAMS
