About Kel O'Neill

I am a Counsellor, Trainer, and Supervisor with a special interest in the area of Eating Disorders. I have spent more than 10 years working in this field in a variety of roles, and am ever passionate about sharing my experiences and using my knowledge for the benefit of others.

As a Counsellor, I work with eating disorder related concerns as well as a variety of other issues within my own private practice. I also offer traditional Counselling Supervision, as well as provide case specific consultation for Counsellors requiring extra input while working with a client with an Eating Disorder.

I deliver a variety of workshops on this subject – which are ran across the country and work with a growing number of educational establishments to offer course input.
